Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, D/S

DATE: 30 April 1953

FROM : Chief, S/OG *CBL*

SUBJECT: Current Personnel Assignments

The work of the Branch is concerned with the economic organizational structures of the Soviet Bloc. As of 4 May, the only areas under study are the Soviet Union and China. The European Satellites were covered in past reports; the last one just completed was Project 41.1 on Soviet and German Economic Structures in East Germany. Assignments are on an area basis and not on a functional basis, each analyst being responsible for all organizational structures in his area concerned with policy determination, planning, production, services, etc. Present assignments (May 4) are as follows:

25X1A9a

(Branch Chief)

In addition to directing the work of the Branch, assumes responsibility for Office-Wide Projects 0.1 and 0.2 dealing with the organization of the economic ministries in East Germany and the stock-piling program in the Sovzone of Germany.

25X1A9a
